Flashes of Life

SAN FERNANDO (AP)—It will be a Merry Christmas after all for Leslie H. Lawrence, 45, partly-crippled janitor, his wife and their 11 children.

Word got around that they were to be evicted Christmas Eve from their tent dwelling because of health restrictions. The tent is on a lot they own. Also on the lot is the foundation of a house they never built because of lack of money and illness.

Saturday men and materials arrived. By nightfall the framework of a three-room bungalow and garage was up.

Members of a local Elks Lodge and their friends, who are financing the venture and doing the construction too, plan to have the house ready by Christmas Eve. There also will be a Christmas tree and presents.

LOS ANGELES (AP)—An intruder broke into a doctor's office at night, removed a cast from an arm, rebandaged it and left a $20 bill in payment.

Dr. Nelson A. Young reported this self-service incident to police yesterday, saying nothing had been taken from his office but some fresh bandages.

Dr. Young added he was $5 ahead, since his fee is only $15 for such a service.

'Nigger' Climbs the Hillside To Save His Stricken Master

A MAN AND HIS DONKEY—That Francis (Dad) Marion is recovering today in Community Hospital is due to a large extent because of his clear thinking and the obedience of his donkey, Nigger. Marion injured his leg while working by himself in the Purisima Canyon and lay helpless for five days waiting for someone to rescue him. He attached a message to the donkey's halter telling that he was in distress. The animal climbed the hill and the message was received. Top: Marion is comforted by Nurse Marie Krause, and below: Nigger is petted by Eddie Castleman who holds the message which the animal carried up the canyon hillside

Peterson Seeks New Blood For County Rec Commission

Charging that the County Recreation Commission is not progressive enough, County Executive Frederick Peterson Wednesday declared "I want to get new blood in it."

The "new blood" was the reason for his appointment of David McCullough and Charles H. Whitney to the commission, instead of renewing the terms of L. Herbert Harris and Mrs. Sophie W. Root.

"There's nothing personal about this," Peterson declared.

McCullough is president of the San Mateo County Boys Booster Club, and Whitney is active in the Buri Buri Club, another youth organization.

His plan in appointing them, Peterson said, is to have the commission place more stress on youth activities.

The County Board of Supervisors Tuesday deferred ratification of the new appointments until Peterson's motives were determined. Harris and Mrs. Root, the supervisors declared, had been on the commission some 14 years.

"I believe it's about time the supervisors forgot their personal animosity toward this office and acted instead in the interest of good government," Peterson snapped back today.

"If they'd taken my advice they would not have the taxpayers on their necks over the increase in taxes."

Student Injured In Auto Accident

A 15-year-old Stanford freshman was injured Monday night when he was struck by a car at Elder St. and Santa Cruz Ave., west of Menlo Park, the California Highway Patrol reported Tuesday.

Eamon Barrett, 415 Encina Hall, Stanford, was treated at Palo Alto Hospital for abrasions about his face, forehead and nose and released.

The CHP stated that Barrett was walking across Elder St. and was struck by a car driven by John J. Zampieri, 56, a gardener, Rt. 1, Box 1130, Maple Ave., Menlo Park.

Entry Deadline Set For Bay Dog Show

Entry blanks for the 39th annual Golden Gate Kennel Club dog show must be in by Jan. 15, the kennel club announced this week. The show will be held Jan. 29 and 30 at the Civic Auditorium in San Francisco.

Residents in the Redwood City area may obtain entry blanks from B. B. Berman at 2608 Broadway.

Radiator Shops Not Too Busy

Although fishponds, water pipes, plants, and lawns have been frozen in the last two mornings, automobile radiators in the Redwood City area fared fairly well.

Radiator repair men here reported Wednesday that in the past two days only a few cars have needed repairs because of freezing—in other words it hasn't been quite cold enough for good business conditions.

Redwood City's two radiator repair garages both reported that only one or two cars have come in for repairs during the cold snap.

The local office of the AAA was called out twice Tuesday on radiator trouble but received no calls Wednesday, officials said.

Ravenswood-Willow Boosters

Group Urges South County Industrial Expansion Study

Ravenswood Willow Boosters last night decided to investigate the feasibility of conducting an industrial survey of the Ravenswood area. Plans to promote the district industrially has been under discussion by the group for the past six months.

Pres. Frank R. Reece appointed Joseph D'Anna and Arthur Cobbledick as a committee to contact authoritative sources for information and advice in proper procedure.

Members pointed out that there are great industrial possibilities that should be developed—railroad lines already available and a harbor that can be repaired and reopened for a minimum outlay.

Change of the Bayshore Freeway to follow the power lines along the SP right-of way was urged to increase industrial transportation facilities and to eliminate cutting the district in two. The group assured J. H. Stubbe that the Boosters were behind the highway committee in the highway change.

It was decided to invite authorities on industrial development to attend forthcoming Booster meetings to discuss the problem.

It was requested that Mrs. Donald Walker prepare a report on the Ravenswood Platter Club activities for the past year to be presented at the February meeting.

A report by Reece on the police district revealed that the board of supervisors is withholding its formation until after the Belle Haven election on Jan. 14.

Menlo Park high School progress made by the Sequoia High School Board of Trustees was reported by Cobbledick, who told the members that title to the proposed property on Middlefield Rd. has not been secured as yet.

Financial assistance by University Ave. merchants, business members of the East Palo Alto Lions Club and other business firms in the district for the Community Christmas Tree were acknowledged and the secretary was instructed to write letters of appreciation.

Frank Reece, Don Walker, Merrill Hatch, Frank Brashear, F. A. Daughtrey, Walt Sjosten and H. F. Gregg were thanked by the group for their efforts in decorating and setting up the tree. A financial report showed a small balance on hand for the 1949 Community Christmas Decorating. It was decided to start plans for the next holiday season early in the Fall.

Proposals by Secy. Hy Zimmer to change the name of the Boosters, obtain representatives from all organizations in the area, improve programs and balance dues were tabled until February.

The group met at the home of Mr. and Mrs. Donald Walker, 2151 Euclid Ave., East Palo Alto.

CMA Plans Suit Against PG&E

Lloyd A. Johnson, Redwood City manufacturer, disclosed today that the California Manufacturers' Assn. is filing a complaint with the California Public Utilities Commission charging the Pacific Gas & Electric Co. with discrimination against industry. The complaint involves rates and practices under which the PG&E supplies natural gas for industrial use.

Johnson, a director of CMA, said the PG&E during wartime acquired the right to divert natural gas to its own steam plants to manufacture electricity. PG&E charges itself about half the going rate for such gas. If the gas department had charged full rate, it would realize about $6,000,000 more per year in revenue. Yet PG&E has filed a request with the state for a gas rate increase which will yield about $6,000,000 annually.

There are four priorities for the limited supply of natural gas, Johnson points out. In order: (1) residential and commercial, (2) firm industrial, (3) other industrial, and (4) PG&E's own plants. The "other industrial" users are on a "surplus" or "interruptible" schedule. When gas is available, they get it at a low rate. When the supply diminishes, they must use other fuels.

During the war, PG&E moved its own plants from fourth to third in priority, and it is against continuation of this practice that CMA protests.

Licenses Climb During December

A total of 122 marriage licenses were issued in the final month of last year compared with 107 in December, 1947, the county recorder's office reported.

According to Recorder T. C. Rice, during December, 1948, 5147 papers were handled by the office and $13,573 in fees collected. In December, 1947, 5252 papers were handled bringing in $14,106.60.

Menlo Park City Council Holds Two Commission Posts Open for Belle Haven-Suburban Park Residents

Positions on two city commissions were promised residents of the Belle Haven-Suburban Park area today by Mayor Charles P. Burgess of Menlo Park, providing annexation elections in the area during the next two weeks carry.

Mayor Burgess said vacancies on the city planning and recreation commissions will be held open until after the elections, which will be Jan. 14 in Belle Haven and Jan. 19 in Suburban Park. The posts will be filled with residents of the areas if annexations are completed, he said.

State law concerning sixth class cities provides that residents of annexed areas are not eligible to sit on the city council until at least one year following the annexation.

However, Mayor Burgess said, one city councilman has indicated his intention to resign at the end of the year and if the annexations are completed, this post will be filled by someone from the Belle Haven-Suburban Park section.

Four BIG WEEKS of celebration in your honor, Mrs. Homemaker

Our hats are off to you, Mrs. Homemaker, for the way you handle the big and difficult job of managing a household. It takes a lot of skill and a keen sense of values to keep a family well-fed, happy and healthy these days... to fit all of the needs of a normal family into the limits of the family budget. But it's a job which you take in your stride, demanding and getting top value in everything you buy. It is this demand that keeps us on our toes. You get top consideration in all our plans. Our improved methods of food distribution were developed to assure you of full value in every purchase.

So we salute you—the person we *must* please if our business is to remain successful. This four-week SALUTE TO HOMEMAKERS is in your honor. It brings values in every section of our stores. It's in your honor, so be sure to take advantage of the opportunities which it offers for special savings.

BABIES FOR SALE

You still can buy human beings in the United States. Pay the cash and another mortal soul becomes yours.

Babies, of course. The market is brisk these prosperous days.

If you want to buy one, go to the nearest big city. Look up some of the shadier doctors. Doctors not above doing abortions in their offices after regular hours. Girls in trouble seem to flock to such guys.

Say you want to adopt a baby. Say you expect to pay the unpaid "doctor bills." Say you expect to pay the mother for the "expenses" she had had. Don't be too obvious about these briberies, but don't be stingy either. Offer to be generous. You will get your baby. All open and above board, you understand.

And very, very foolish!

Your baby may turn out to be a pin-headed idiot. He may have congenital syphilis. The mother may decide to ask for a big "loan" just before she signs her final release. The father may turn up with similar blackmail ideas.

You will be helpless.

The safest way to adopt a baby is through one of the regular children's home finding societies. Unfortunately some of them smell too. Though most of the home finding societies are good, a few are so bad that they make people suspicious of even the good ones.

Some of the societies move too slowly. They wait weeks to make decisions that should be made in a day or two. Some are irresponsible. One of the finest young couples I know was turned down by such society. I tried to find out why, and was told there were health factors. Then I checked with the couple, and found that the "health factors" consisted of some varicose veins in the young lady's lower limbs!

Being of a nasty disposition, I went back to the society and was told that the varicose veins were just an excuse. In addition, there was something, "A something, an indefinity aura," that the case worker didn't like in this home.

That particular home finding agency since has been exposed as one of the worst in the nation.

More common among them has been a habit of asking for sizable contributions from couples in whose homes they have placed babies. It was almost blackmail. It became a scandal. Those begging letters aroused such protest that most of the societies have stopped sending them.

Where can you turn if you want to adopt a baby? Are there any answers to the dilemma? What can your city or county do to protect the babies, to protect prospective parents?

In the next four columns, I'll try to answer these important questions.

Peasants to Hold Party Saturday

The Peasants of San Carlos will hold their January Folk Dance Party on Saturday at 8:30 p.m. in the Central School auditorium in San Carlos.

Folk dancers from "beginners to old timers" are invited to attend this opening party of 1949 season, according to Jeanne Taylor, who is directing the program.

Refreshments will be served during the intermission.

MR. AND MRS. VICTOR LOVERGINE of Emerald Lake Highlands entertained several old friends on New Year's Day. Their guests included Mr. and Mrs. Jack Malowansky, Joseph Colagiovanni, Amerigo Rossi and Mr. and Mrs. Victor Lovergine Jr. of Menlo Park.
